Subject: Antidegradation on March 14 WPCB agenda

Dear Antidegradation Rulemaking Stakeholders:

The antidegradation standards and implementation procedures rules will be considered for final adoption at the March 14, 2012, Water Pollution Control Board meeting.

Attached for your review is the proposed rule that the WPCB preliminarily adopted on September 14, 2011, to which IDEM's suggested changes have been added using track changes plus some right margin comments for your ease of understanding. This track changes version of the proposed rule as preliminarily adopted is IDEM's informal document to show changes made to the rule after its preliminary adoption. The formal version of this same document is known as Proposed Rule as Preliminarily Adopted with IDEM's Suggested Changes Incorporated (AKA: "Courtesy Copy") and is part of the board packet that was sent to the WPCB members on February 29, 2012. The entire board packet is now posted on IDEM's Web page for WPCB and can be found at: <http://www.in.gov/idem/6775.htm> The agenda for the March 14th WPCB meeting can be found at: <http://www.in.gov/idem/6774.htm>

The antidegradation rule documents specific to the WPCB public hearing on March 14, 2012, to consider final adoption will be located at: <http://www.in.gov/idem/5387.htm> after the posting of documents is completed at this site.

If you have any questions regarding the board packet documents, you may contact me using the information below.

Sincerely,
MaryAnn Stevens
Senior Environmental Manager
Rules Development Branch
